

*In preparation for the centenary of WW1, every child at Loose Primary School has created an individual poppy - all 655 children! They have worked with our Artist in Residence Becky Planck to create this stunning memorial display within our main school hall. The children are extremely proud of their display.*

*We were inspired by the beautiful poppy installation outside the Tower of London 4 years ago and wanted to try and create something similar.*

*The children would be even prouder if some of the work they are doing to mark this important occasion could be celebrated by having it displayed in their community! A similar display is being presented at Coxheath Primary school, the other school within our Academy Trust. This would make our joint poppy display 1000 strong!*
